

SUMMARY

AGRICULTURAL BIOTECHNOLOGY

<i>In vitro</i> cultivation of <i>Laetiporus sulphureus</i> and evaluation of its antimicrobial properties - Georgeta FIDLER, Gabriela POPA, Alina BUTU, Steliana RODINO, Calina Petruta CORNEA	11
Induction of indirect organogenesis <i>in vitro</i> in <i>Rhodiola rosea</i> – an important medicinal plant - Krasimira TASHEVA, Georgina KOSTURKOVA	16
Camelina cultivation for biofuels production - Andra MORARU, Stefana JURCOANE, Delia DIMITRIU	24
<i>In vitro</i> study on the interaction between <i>Bacillus thuringiensis</i> and chemical pesticides used for corn crop protection - Mihaela Monica DINU, Ana-Cristina FĂTU, Sorin ȘTEFAN, Ana Maria ANDREI	29
Diversity analysis of tubered-bearing <i>Ipomoea trifida</i> (H.B.K.) G. DON. originated from Citatah West Java Indonesia based on chromosome traits - Tia SETIAWATI, Agung KARUNIAWAN	35
Influence of fertilization of soil with worm compost on the quality of peas - Tatiana BOCLACI, Larisa CREMENEAC	39
General aspects regarding waste management in sustainable development of agriculture - Larisa CREMENEAC, Tatiana BOCLACI	43
The selection of some tissue lines producers of anthocyanins in bilberry (<i>Vaccinium myrtillus</i> L.) callus culture - Dorica BOTAU, Vanda BOLDA	49
Antifungal activity of <i>Astragalus onobrychis</i> L. extracts - Ivan PAULIUC, Dorica BOTAU	53
Antibacterial activity of <i>Momordica charantia</i> L. gemmotherapeutic extract - Ivan PAULIUC, Dorica BOTĂU	57
Estimating free radicals scavenging activity of some berries species - Gabriela LUȚĂ, Florentina ISRAEL-ROMING, Daniela BĂLAN, Evelina GHERGHINA	61
The influence of environmental conditions and planting date on sunflower oil content and fatty acids composition - Mihaela POPA, Narcisa BABEANU, Georgeta DICU, Andreea TEODORESCU, Nicolae BOAGHE	65
Extraction, purification and Characterization of lectin from <i>Phaseolus vulgaris</i> L. cv. white seeds (White kidney bean) - Basheer A. AL-ALWANI, Mohammed A. JEBOR, Yasser H. JALIL	69
Experimental results about potato callus induction - Andreea NISTOR, Mihaela CIOLOCA, Nicoleta CHIRU, Monica POPA	78

BIOTECHNOLOGY IN VETERINARY MEDICINE

A stochastic epidemic model for dynamic of infectious diseases - Mioara VARGA ...	85
<i>Chlamydia psittaci</i> in the parrots, pigeons and canaries in the city of Tirana - Gëzime SHEHU, Kristaq BERXHOLI, Zaçe MALAJ, Luljeta QAFMOLLA, Ymer ELEZI	91

FOOD BIOTECHNOLOGY

<i>In vitro</i> evaluation of antioxidative properties in <i>Capsicum annuum</i>, <i>Vaccinium vitis-idaea</i> and <i>Melissa officinalis</i> tinctures - Emanuel VAMANU, Adrian VAMANU, Elena DOPCEA	99
A comparative study on mountain area influence of milk samples from cow and sheep - Elena MARCU, Petru NICULITA, Ramona IANCU	105
Some important quality parameters of pork meat-biodegradable pack system monitoring at refrigeration storage - Vlad Ioan POPA, Elena TANASE, Mihaela GEICU-CRISTEA, Cristian-Andi NICOLAE, Raluca Augusta GABOR	110
Evaluation of fructan contents in the taproots of plants <i>Lactuca serriola</i> L. and <i>Sonchus oleraceus</i> L. - Nadezhda PETKOVA, Panteley DENEV	117
Study on the interaction between the food matrix and the metal food cans - Marius Cristian BODA, Mona Elena POPA	123
Studies on the aroma of <i>Sauvignon</i> wine - Luminița VIȘAN, Ricuta DOBRINOIU ...	127
Studies on the chromatic characteristics of red wines and color evolution during maturation - Luminița VIȘAN, Ricuta DOBRINOIU	132
Study of some changes that occur during meat fermentation - Olga DRĂGHICI, Delia CIUCUR, Mihaela-Daniela EPURE, Maria BICA	137

INDUSTRIAL AND ENVIRONMENTAL BIOTECHNOLOGY

<i>In vitro</i> evaluation of crude oil degradation potential of some <i>Pleurotus ostreatus</i> isolates - Gabriela POPA, Mihai Bogdan NICOLCIOIU, Calina Petruta CORNEA	143
Biodegradable materials and its applications in medical tools development – A review - Elisabeta Elena TĂNASE, Maria RĂPĂ, Ovidiu POPA	147
Optimization of <i>Trichoderma</i> strain cultivation for biocontrol activity - Iuliana RAUT, Mariana CALIN, Gelu VASILESCU, Melania Liliana ARSENE, Luiza JECU, Tatiana SESAN	154
Novel fungal collagenase from <i>Aspergillus oryzae</i> - Daniela BĂLAN, Florentina ISRAEL-ROMING, Petruta Călina CORNEA, Evelina GHERGHINA, Gabriela LUȚĂ, Florentina MATEI, Mihai CURTAȘU	160
Screening for high lipase producing microorganisms - Alexandra GHIORGHITĂ, Gheorghe CĂMPEANU, Vasilica MANEA, Mișu MOSCOVICI, Eugenia MOCANU, Corina IONESCU	164
Selection of yeast strains with enhanced lipolytic activity - Alexandra GHIORGHITĂ, Gheorghe CĂMPEANU, Vasilica MANEA, Angela CĂȘĂRICĂ, Călina Petruța CORNEA	171
Studies on diacerein biodegradability - Caterina TOMULESCU, Eugenia MOCANU, Misu MOSCOVICI, Gabriela SAVOIU, Maria PETRESCU, Nicoleta DOBRE	177
Growth and activity of cellulase-amylase enzyme <i>Penicillium nalgiovense</i> and <i>Aspergillus tamarii</i> molds isolated from cow rumen fluid - Yuli ANDRIANI, Sukaya SASTRAWIBAWA, Ratu SAFITRI, Abun	181

FOOD SAFETY

Essential oils utilization in food industry - A literature review - Adriana Laura MIHAI, Mona Elena POPA	187
---	-----

Research on the correlation between physico-chemical, sensory analysis of smoothie type products and consumer preferences - Andreea STAN, Mona Elena POPA	193
Selective determination of nitrite in cured meat products using a nonconducting polymer film based sensor - Emilia OCNARU, Melania ARSENE, Gelu VASILESCU, Mihaela BADEA DONI	198
Dioxins and furans contamination of food and their toxicological implications on the human body. Mini-review - Elena PRUTEANU, Petru NICULITA, Luminita CATANA, Mioara NEGOITA, Alina BALEA	202
The microwaves effects on liquid foods - Ionica DELIU, Daniela GIOSANU, Constantin STANESCU	208
Phytochemicals, antioxidant and α- amylase inhibitory activities of <i>Smyrniolum olusatrum</i> L. Leaf, flower and fruit- Chokri MESSAOUD, Amina BENABDALLAH, Mohamed BOUSSAID	212
Characterization and development of chromatografic method for simultaneous determination of artificial sweeteners in soft drink samples - Madalina JURCOVAN, Nicole-Livia ATUDOSIEI, Valentina LAZIN, Daniela MIHAILA	221
Decontaminating mycotoxins in agricultural produce following bioremediation approach- Shinawar Waseem ALI, Muhammad Saleem HAIDER, Muhammad RIAZ, Muhammad Hassan MUSHTAQ	225
Effect of extract of <i>Ginkgo biloba</i> on vegetable oils - Olga DRĂGHICI, Maria-Viorela CODOI	228

MISCELLANEOUS

Interaction of <i>Aspergillus niger</i> hyphae and spores with colloidal silver nanoparticles - Ovidiu IORDACHE, Calina Petruta CORNEA	235
Fungal strains isolated from several cases of human dermatophytoses - Mariana CALIN, Iuliana RAUT, Olguta DRACEA, Luiza JECU, Veronica LAZAR	240
Screen-printed carbon electrodes modified with prussian blue and a non-conducting electropolymerized film for selective determination of H_2O_2 in beverages- Florentina HUTANU, Emilia OCNARU, Melania-Liliana ARSENE, Mihaela BADEA-DONI	245
Supporting students for a biotech career- Florentina MATEI, Mioara VARGA, Silvana DANAILA-GUIDEA, Mariana IORDACHE, Stefana JURCOANE, Camelia DIGUTA	251
